- Have a clean driving licence. (No more than 6 penalty points)

In order to hire a van you need to provide the following:

- £500 security deposit to cover excess. Paid by bank transfer so that it has cleared before you go.
- 2 recent utility bills showing proof of address.
- Copy of the photo section of driving licence.
- Copy of any endorsements. (This used to be the paper section of the licence. Now you can find it by going online to view my licence. You will need your licence number, postcode and National Insurance number. They will then give you a code that you can send to us and we can access the information.)
- You will also need to fill out a hire agreement which I will have ready when you come to collect the van.

Unless otherwise agreed pick up time is 2pm and drop off time is 11Am.
